

What do I want from a job?

ART

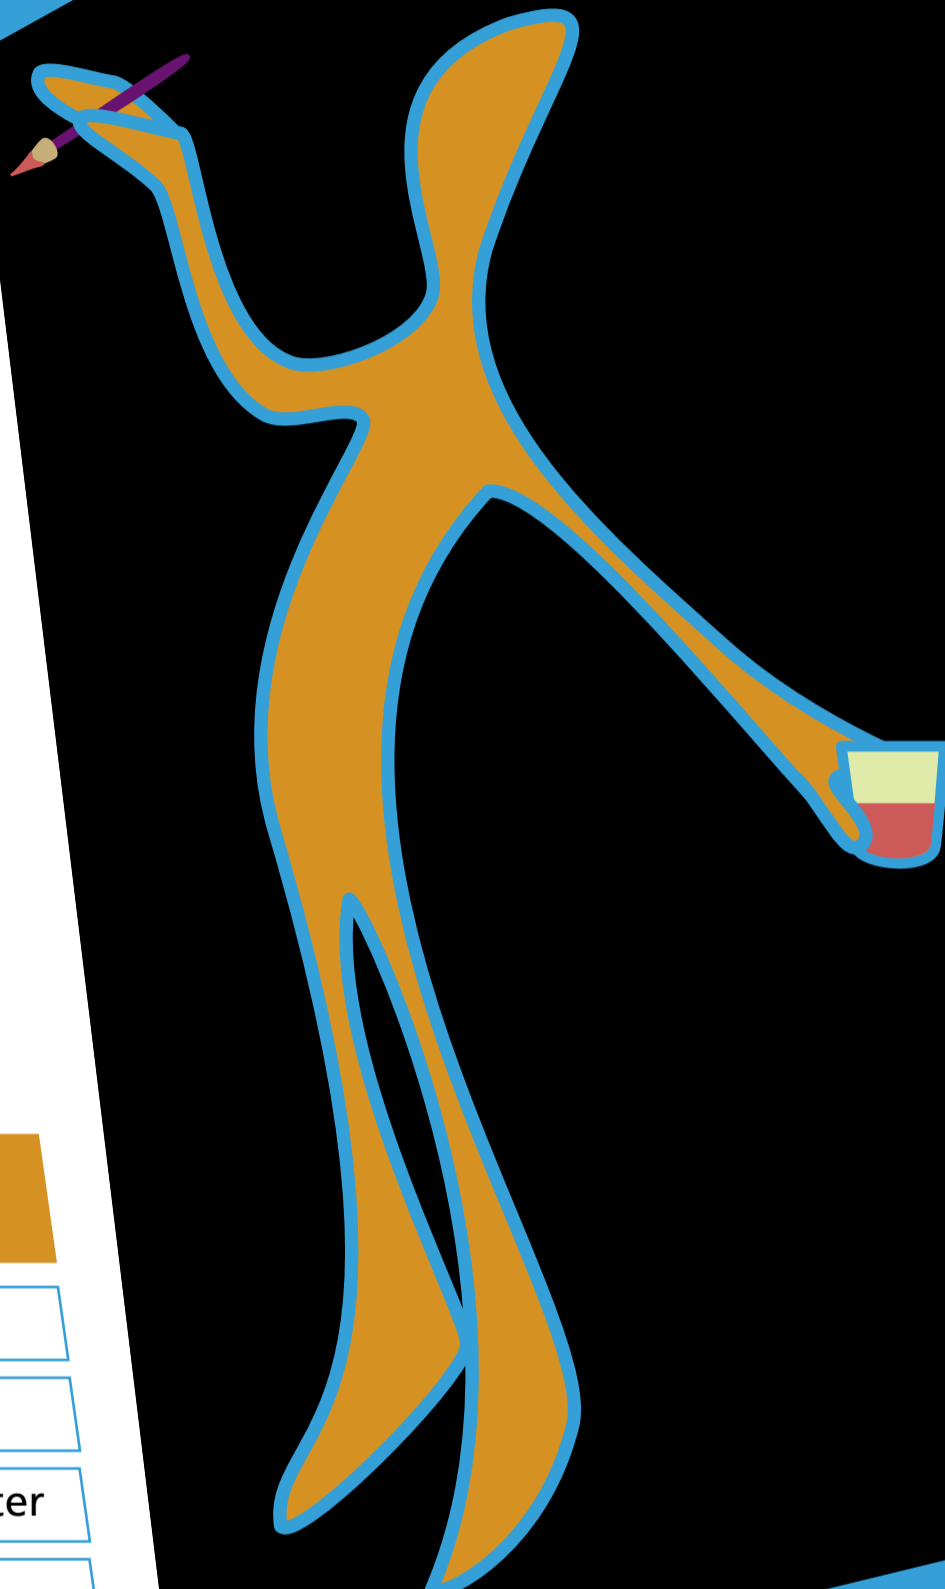

I want to show off my skills!

We are all creative in many ways, like inventing something, taking amazing photographs or producing a bright poster.

Art allows you to express your ideas with different materials like paper, paint, charcoal, textiles, pencil and pens or even leaves.

How art is used in a job

You could arrange a window display for a store; write about a gallery for a local newspaper, or record videos for weddings.
