

# What do I want from a job?

DESIGN & TECHNOLOGY

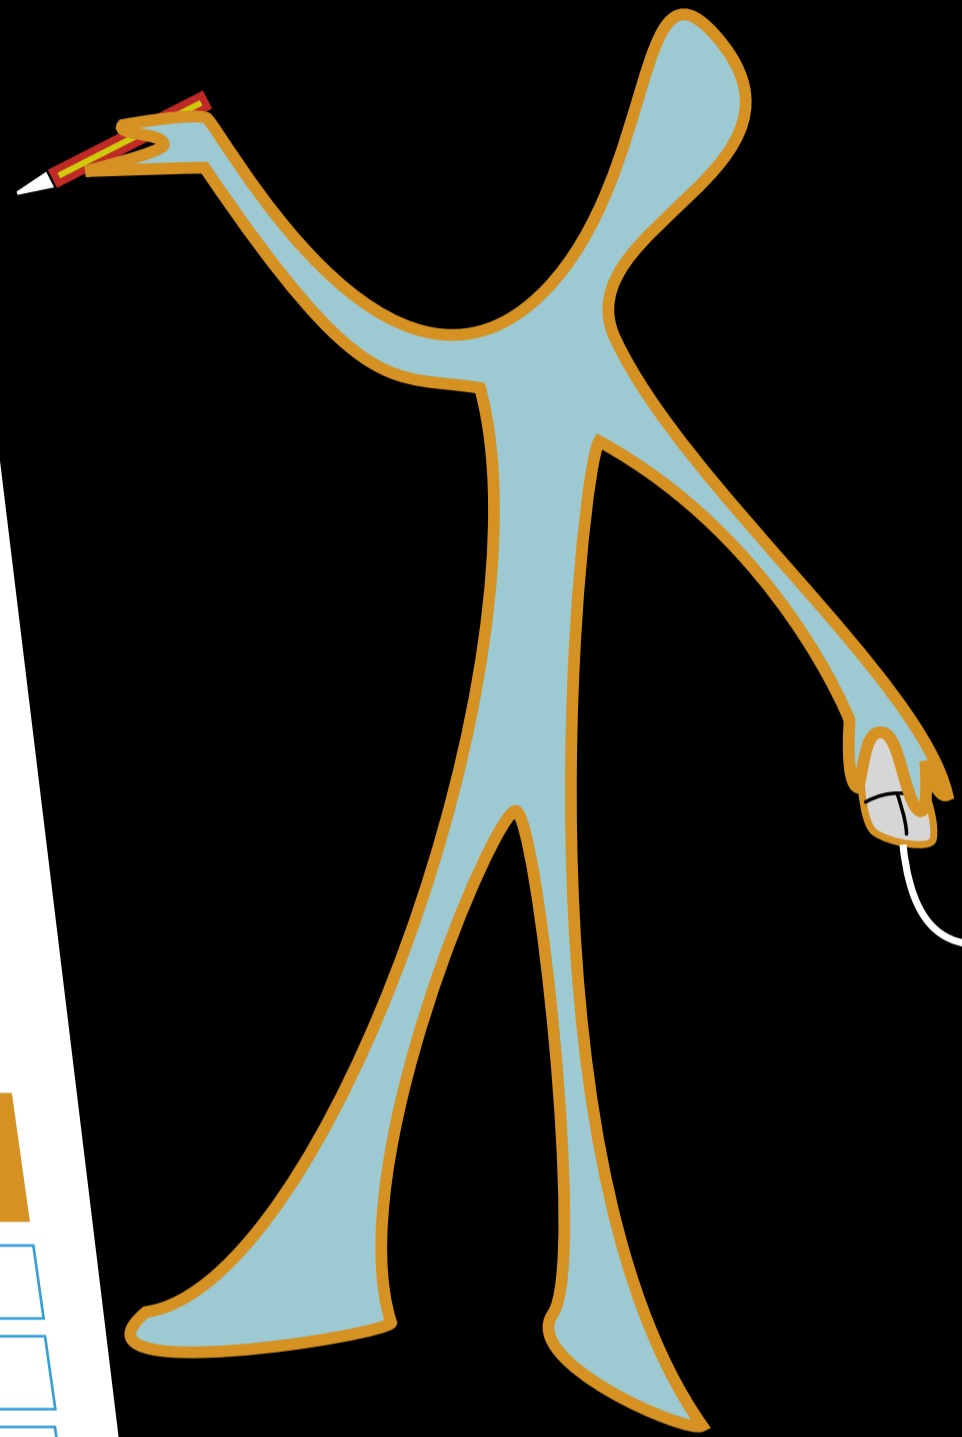

## I want to use my ideas!

Making or fixing things is fun! Like, writing some music, knitting a hat, mending a bike, baking a pie or drawing a picture of your pet.

**Design and technology** is practical and creative. Plus you learn how to use lots of tools and equipment in a safe way too.

### How design and technology is used in a job

You could design posters to promote an event, package food, train as a bricklayer or help customers in a DIY store.

Check out what **careers** you may like, but remember they are only ideas!

chef	assembly line operator
product designer	kitchen assistant
animator	builder
electrician	sound or boom engineer
artwork designer	furniture maker

## What's next?

Find out how design and technology **matches** your career ideas [www.connexions-direct.com/jobs4u](http://www.connexions-direct.com/jobs4u)

Check out what **courses** are available in this subject at: [www.future4me.org.uk](http://www.future4me.org.uk)

Speak to a **Youth & Connexions personal adviser (PA)** about your career choices. Ask your teachers where they are in your school or college.

Use the **Connexions Careers Resource Pack** found in the careers library to research the jobs you want.
